Present Tense الفعل المضارع

- **Unlike past** tense where change is only in the starting part of verb, in present tense **both starting and ending** have **changes**.
- In general there are specific **starting indicators** for 3 persons (1st , 2nd and 3rd):
  i. أْ ⟶ **I** and ن ⟶ **We** (i.e. 1st person)
  ii. ت for **You** (2nd person)
  iii. ي for **He / They** (3rd person)
- Next we will discuss them <u>but not in order</u>.
- Note: Present tense is also called **Imperfect Tense** in Arabic Grammar while past tense is called **Perfect Tense**.

Present Tense الفعل المضارع I and We

Present Tense الفعل المضارع Light and Lighest versions

- In present tense a verb can take **3 forms**:
  i. **Normal** (مَرْفُوعٌ) : This is the default. No special particle affects its form.
  ii. **Light** (مَنْصُوبٌ) : Particle of Light affects its form. The affected verb is called **subjunctive mood or المُضارِع المَنْصوب** in classical grammar.
  iii. **Lightest** (مجزوم) : Particle of the Lightest affects its form. The affected verb is called **jussive mood or المُضارِع المَجْزوم** in classical grammar.

Note: Light and Lightest versions are **only available for Present Tense**.

Light and Lightest versions: General Rule

- General Rules (combined: Light (Subjunctive) and Lightest(Jussive))
  i. For Light (Subjunctive): Replace the final ـُ with Fatha ـَ

Meaning	Light (Subjunctive) Particle

Note[1]: لِكَيْ can take any of the **3 forms**: i) لِكَيْ ii) لِ or iii) كَيْ meaning remains same.

- **Explanation:**

Light (Subjunctive) Mode: Example from the Quran Cont.2

- Few examples of the similar pattern:

كِتَابٌ أَنزَلْنَاهُ إِلَيْكَ لِتُخْرِجَ النَّاسَ مِنَ الظُّلُمَاتِ إِلَى النُّورِ

Book which We have revealed to you, [O Muhammad], so that you might bring mankind out of darknesses into the light.. (14:1 part)

كَيْ نُسَبِّحَكَ كَثِيرًا

So that we may declare Your Perfection much. (20:33)

Light (Subjunctive) Mode: Example from the Quran Cont.2

- 2 Examples using حَتّى Notice that for past tense or الْفِعْلُ الْمَاضِي there is no impact on the verb.

(a) وَإِنَّا لَن نَّدْخُلَهَا حَتَّىٰ يَخْرُجُواْ مِنْهَا

We will surely not enter it until they exit from it. (5:22 part)

Lightest Particles

- Followings are the Particles for Lightest or Jussive Particles. **After these particles** the next present verb will take its **Lightest Form**.

Meaning	Lightest (Jussive) Particle
If	إِنْ
Did not [1]	لَمْ
(Has) Not yet	لَمَّا
Should	لِ
And should	وَلْ
So should	فَلْ

Note[1]: لَمْ is used with present tense or الْفِعْلُ الْمُضَارِعُ verb, but this particle takes the meaning in the past tense or الْفِعْلُ الْمَاضِي .

Lightest (Jussive) Mode: Discrete Example

Meaning	Example	Lightest (Jussive) Particle
If he helps [1]	إِنْ يَنْصُرْ	إِنْ
He did not help[1,2]	لَمْ يَنْصُرْ	لَمْ
He hasn't yet helped	لَمَّا يَنْصُرْ	لَمَّا
He should help	لِ يَنْصُرْ	لِ
And he should help	وَلْ يَنْصُرْ	وَلْ
So he should help	فَلْ يَنْصُرْ	فَلْ

Note[1]: Sometimes both إِنْ and لَمْ appear back to back and it sounds different because of Idgham rule.

Note[2]: لَمْ particle converts meaning into past tense even if the verb is present.

Lightest (Jussive) Mode: Example from the Quran

إِن تَنصُرُوا اللَّهَ يَنصُرْكُمْ **If you** (all) aid Allah, He will aid you. (47:7 part)

لَمْ يُنَزِّلْ بِهِ سُلْطَانًا **He did not** send down any authority for it. (7:33 part)

Lightest (Jussive) Mode: Example from the Quran

فَإِن لَّمْ تَفْعَلُواْ وَلَن تَفْعَلُواْ But if you are unable to do soand you will never be able to do so (2:24 part)

وَإِذَا سَأَلَكَ عِبَادِي عَنِّي فَإِنِّي قَرِيبٌ ۖ أُجِيبُ دَعْوَةَ الدَّاعِ إِذَا دَعَانِ ۖ فَلْيَسْتَجِيبُوا لِي وَلْيُؤْمِنُوا بِي لَعَلَّهُمْ يَرْشُدُونَ ﴿٦٨١﴾

And when My servants ask you, [O Muhammad], concerning Me – indeed I am near. I respond to the invocation of the supplicant when he calls upon Me. So let them respond to Me and (should)believe in Me that they may be rightly guided. (2:186)

Lightest (Jussive) Mode: Example from the Quran

لِّيَتَفَقَّهُوا فِي الدِّينِ وَلِيُنذِرُوا قَوْمَهُمْ

They should obtain a deep understanding of the religion and they should warn their people. (9:122 part)

لَّمْ تُؤْمِنُوا وَلَٰكِن قُولُوا أَسْلَمْنَا وَلَمَّا يَدْخُلِ الْإِيمَانُ فِي قُلُوبِكُمْ

You did not believe; but say [instead], 'We have submitted,' because faith has not yet entered[1] your hearts. (49:14 part)

Note[1]: Here the lightest form يَدْخُلْ its ending ـْ is changed to ـِ in order to join the next letter. (This is the general rule for joining next letter/word)

Commanding and Forbidding

Remember the following observations on such type of sentences:

i. It is meaningful only in **Present Tense الْفِعْلُ الْمُضَارِعُ**

ii. It always assumes the person spoken to is **"YOU" i.e. 2nd Person** Example **Go there now** ⟶ **You go there now**.

iii. Although the person spoken to is always **2nd Person (YOU)** but the **Number may be Singular or Plural**. In English it is always one version assuming YOU covers both singular and plural but in Arabic 2 versions are needed.

iv. **Forbidding is easier** than commanding (grammatically)

v. It is equivalent to **Imperative Sentence** in English. It covers both command and request.

Video Ref No.8-10 Book Ref. Section 7.4

Forbidding فَعْلُ النَهِي

Forbidding sentences follow simple process:

i. Begin with **2nd Person i.e. YOU** أَنتَ أَنْتُمَا أَنتِ أَنتم أَنتُنَّ

ii. Use لاَ + Lightest version of the الْفِعْلُ الْمُضَارِعُ (2nd Person, YOU) to make it a forbidding question.

Forbidding Chart (only applicable for 2nd person, YOU)

أَنْتُمْ لا تَنْصُرُوْا All of you don't help!	أَنْتُما لا تَنْصُرا You two don't help!	أَنْتَ لا تَنْصُرْ You don't help!	masculine
أَنْتُنَّ لا تَنْصُرْنَ All of you don't help!	أَنْتُما لا تَنْصُرا You two don't help!	أَنْتِ لا تَنْصُرِيْ You don't help!	feminine

Forbidding: Example from Quraan

لَا + Lightest version of the الْفِعْلُ الْمُضَارِعُ $\Longrightarrow$ Forbidding

لَا تُفْسِدُوا فِي الْأَرْضِ **Do not spread corruption** in the land.. (2:11 part)

وَلَا تَهِنُوا وَلَا تَحْزَنُوا And **do not loose heart and do not grieve**.. 3:139

وَقَالُوا لَا تَخَفْ وَلَا تَحْزَنْ They said, "**Do not fear and do not grieve**.. 29:33 part

---

فَلَا تَذْهَبْ نَفْسُكَ عَلَيْهِمْ حَسَرَاتٍ **So do not let yourself** perish over them in regret (35:8 part)

Forbidding Vs. Negative Statement

- There is a difference between a forbidding sentence and a negative statement.
  Example: i) Don't help. ii)You don't help. The first one is a forbidding sentence while the second one is a negative statement.
- There are 2 types of لا :
  i. لَا + Lightest version of the فِعْل (2nd Person, YOU) $\Longrightarrow$ Forbidding Sentence
  ii. لَا + Normal version of the فِعْل (2nd Person, YOU) $\Longrightarrow$ Statement (Negative)

  For type i. it is called prohibitive لا while for type ii. it is termed as the negative لا
- Example:

Don't help (forbid)	لَا تَنْصُرْ	prohibitive لا
You don't help (statement)	لَا تَنْصُرُ	negative لا

Forbidding Vs. Statement Exercise

F / S وَلا يَنالُوْنَ مِنْ عَدُوٍّ نَيْلًا

F / S فَلا تَنْتَصِرانِ

F / S لا تَقُمْ فِيْهِ أَبَدًا

Forbidding Vs. Statement Exercise Answer

➤ **DRILL 4** *Is the following in the forbidding form (F) or is it a statement (S)?*

F / S لا تَقْعُدْ

F / S وَلا يَنالُوْنَ مِنْ عَدُوٍّ نَيْلًا

F / S لا يُؤْمِنُوْنَ بِهِ

F / S فَلا تَنْتَصِرانِ

F / S لا تَقُوْلُوْا عَلَى اللهِ إِلَّا الحَقَّ

F / S لا تَقُمْ فِيْهِ أَبَدًا

Forbidding Vs. Statement: Example from Quran

وَلَا تُخْزِنَا يَوْمَ الْقِيَامَةِ ۗ إِنَّكَ لَا تُخْلِفُ الْمِيعَادَ 3:194 part **do not disgrace us** on the Day of Resurrection. Indeed, **You do not fail** in [Your] promise.

- The first negative expression i.e. لَا تُخْزِنَا is in its lightest (jussive) form. Its root letters are خ ز ي since ي is an weak letter it get vanished, hence the patter for lightest is not very obvious.
- The **second** negative expression i.e. إِنَّكَ لَا تُخْلِفُ الْمِيعَادَ it is our firm conviction about Allah that He does not break the promise. It is a statement. Hence **لَا تُخْلِفُ** is used as negative particle followed by **regular form** of the verb.

Negative Statement: Examples from Quran

لَا + Normal version of the فِعْل (2nd Person, YOU) $\Longrightarrow$ Statement (Negative)

وَلَٰكِنَّ أَكْثَرَ النَّاسِ **لَا يَشْكُرُونَ** but most of the people **do not show gratitude**. (2:243 part)

أَتَأْمُرُونَ النَّاسَ بِالْبِرِّ وَتَنسَوْنَ أَنفُسَكُمْ وَأَنتُمْ تَتْلُونَ الْكِتَابَ ۚ **أَفَلَا تَعْقِلُونَ** Do you order righteousness of the people and forget yourselves while you recite the Scripture? **Then will you not reason?** (2:44)

قَالَ إِنِّي أَعْلَمُ مَا **لَا تَعْلَمُونَ** Allah said, "Indeed, I know that which **you do not know**." 2:30 part

Indirect Forbidding: X should not Y

- So far we have seen, forbidding in the 2nd person, i.e. the person is present in front of you. This is *Direct Forbidding*.
- But it is possible to say "Somebody should not do something" where *Somebody* may be in the **3rd Person (He/She/It/They)**. This is called *Indirect Forbidding*.
- **Rule remains same** except the verb will be from the 3rd person list, and **external/outside doer** may appear which must be after the verb and its status must be مَرْفُوعٌ

هُمْ لا يَنْصُرُوْا They should not help.	هُما لا يَنْصُرا They (2) should not help.	هُوَ لا يَنْصُرْ He should not help.	masculine
هُنَّ لا يَنْصُرْنَ They should not help.	هُما لا تَنْصُرا They (2) should not help.	هِيَ لا تَنْصُرْ She should not help.	feminine

.

Indirect Forbidding: Example

وَمَن كَفَرَ فَلَا يَحْزُنكَ كُفْرُهُۥٓ ۚ But whoever disbelieves, **his disbelief should not grieve you**.. (31:23 part)

- ✓ Note here فَلَا يَحْزُنكَ the verb ح ز ن is in its lightest / jussive form, but the verb is in **3rd Person (i.e. his disbelief)** NOT in 2nd Person. The attached pronoun (with verb) كَ is the **Object of the Verb or مَفعُول بِهِ**
- ✓ Again, كُفْرُهُۥٓ (i.e. his disbelieve) is the **external/outside doer.**

Indirect Forbidding: Example

فَلَا يَقْرَبُوا الْمَسْجِدَ الْحَرَامَ so let them not approach al-Masjid al-Haram 9:28 part

---

لَّا يَتَّخِذِ الْمُؤْمِنُونَ الْكَافِرِينَ أَوْلِيَاءَ مِن دُونِ الْمُؤْمِنِينَ Believers should not take disbelievers as allies rather than believers. (3:28 part)

Note:

- ✓ Here the disjoint verb is لَّا يَتَّخِذْ (which is lightest) but in order to join to its next word اَلْمُؤْمِنُونَ the ending ـْ becomes ـِ , hence we read لَّا يَتَّخِذِ الْمُؤْمِنُونَ

Background: Root Letter of the فِعْل

- Commanding Sentence requires a special treatment to pronounce them correctly. For this purpose, the concept of **Root Letters** should be introduced.
- In general each فِعْل has 3 root letters, even it has more letters attached to it sometimes.
- **Example:** يُؤْمِنُونَ they believe. Here the roots are أ م ن and the **second root** is م
- **Example:** يَسْتَغْفِرُونَ they ask for forgiveness. Here the roots are غ ف ر and the **second root** is ف

Commanding: فَعْلُ أَمْر

As discussed earlier the commanding **requires more steps** than forbidding. Here are the steps: Take the normal form of the فِعْل in Second person (YOU) and run the following steps:

a) Make the **فِعْل the lightest** (jussive) (i.e. ـْ or drop ن).

b) **Remove leading ت** (it must have a leading ت since it starts with Second Person (YOU))

c) If the resulting word is **readable** then it is **done**, **otherwise**

Look at **the Second Root Letter of the فِعْل** (after dropping ن) and ignore Long Vowel

We term it as **Deciding Letter** or simply **DL** And follow the steps

i. If the letter has a **ـُ sound** then **read with ـُ sound**.

ii. Otherwise, **read with ـِ sound**.

(As exception to this rule: in Verb FAMILY IV (will be discussed in Sarf part) will **always begin with اً sound**).

Commanding: فَعْلُ أَمْر Rules Revisited for Uthmani Script

c) If the resulting word is **readable** then it is **done**, **otherwise**

Look at **the Second Root Letter of the فِعْل** (after dropping ن) and ignore Long Vowel

And follow the steps

i. If the letter has a **ـُ sound** then **read with ـُ sound**.

ii. Otherwise, **read with ـِ sound**.

(As exception to this rule: in Verb FAMILY IV (will be discussed in Sarf part) will **always begin with أَ sound**).

Notes on Quran Uthmani Script:

- When the verb is not readable (in terms of to begin with) in Uthmani Script **Hamzatul Wasl ٱ** is placed at the beginning of the فِعْل . Hamzatul Wasl ٱ carries no حَرَكَات or short vowels.
- As the Exception to rule: Explicit Hamzatul Qaat with 'a' sound أَ is placed at the beginning of the فِعْل

Commanding: Second Last Letter Identification Example

We start with تَذْهَبُ is You go away

- The triliteral root ذ ه ب. The DL is the Second Root Letter ه

$$\text{تَذْهَبُ} \xrightarrow{Lightest} \text{تَذْهَبْ} \xrightarrow{DropTa} \text{ذْهَبْ} \xrightarrow{FinalForm} \text{إِذْهَبْ}$$

- $$\text{تَذْهَبْنَ} \xrightarrow{Lightest} \text{تَذْهَبْنَ} \xrightarrow{DropTa} \text{ذْهَبْنَ} \xrightarrow{FinalForm} \text{إِذْهَبْنَ}$$

Note: In both cases the DL is the Second Root Letter ه

Commanding: Steps by Example

تَذْهَبُ	تُعَلِّمُ	تَدْرُسُ	تَسْمَعُ	تُجَاهِدُونَ
You go (away)	You teach	You study	You listen	You (all) struggle

Verbs in their normal forms, DL is Colored

Normal	→	Lightest	→	Remove ت	→	Check DL & Apply Rule	⇒	Final Form
تَذْهَبُ	→	تَذْهَبْ	→	ذْهَبْ	→	DL is هَ so add إِ	⇒	إِذْهَبْ
تُعَلِّمُ	→	تُعَلِّمْ	→	عَلِّمْ	→	No need to check	⇒	عَلِّمْ
تَدْرُسُ	→	تَدْرُسْ	→	دْرُسْ	→	DL is رُ so add أُ	⇒	أُدْرُسْ
تَسْمَعُ	→	تَسْمَعْ	→	سْمَعْ	→	DL is مَ so add إِ	⇒	إِسْمَعْ
تُجَاهِدُونَ	→	تُجَاهِدُوا	→	جَاهِدُوا	→	No need to check	⇒	جَاهِدُوا

Commanding: Exception to Rules

We must notice the following facts in construction of a commanding sentence:

i. Verbs of أَنْتُنَّ (You (F) all) does not change in the Lightest Form, in this case to pronounce we have to look for the **Second Root Letter as DL** instead. (if we look 2nd Root then the rule is unified for each case)

ii. After removing تْ **normally أُ or إِ** is added.

And in Uthmani Script Hamzatul Wasl اَ is placed there. Only exception to this rule applies with Verbs of **Family IV** (will be explored in Sarf Section) where **أَ is added**.

Commanding: Exception to Rules Example

Roots	Normal	→	Lightest	→	Remove ت	→	Check DL & Apply Rule	⇒	Final Form
ن ص ر	(a) تَنْصُرْنَ	→	تَنْصُرْنَ	→	نْصُرْنَ	→	DL is صُ so add أُ	⇒	أُنْصُرْنَ
ن ذ ر	(b) تُنْذِرُونَ	→	تُنْذِرُوا	→	نْذِرُوا	→	No Rule just add أَ	⇒	أَنْذِرُوا

Notes:

- ✓ In case (a) the DL is the **Second Root Letter** ص which carries a ـُ hence it starts with ـُ sound. In Quran it is printed as ٱنْصُرْنَ
- ✓ In case (b) [**Family IV verb**] we don't apply regular rule. In Uthmani Script it has been clearly identified **using** أَ NOT a hamzatul wasl ٱ. In other words, presence of a hamzatul wasl ٱ at the beginning demands the regular rule (i.e. either u or e sound).

Passive Voice: Prerequisite

Transitive and Intransitive Verbs:

In a verbal sentence there are generally 3 components involved:

i. **Doer of the action**
ii. **The action (verb)**
iii. **Receiver of the action** (also called **Direct Object**) (if any)

Component iii. is present if the verb is transitive otherwise it is intransitive.

Examples in English:

- **He ate an apple**. (Transitive)
- **We made cookies** for the breakfast. (Transitive)
- **I was sleeping** in my room. (Intransitive)
- **We will pray** in the Masjid. (Intransitive)

Transitive and Intransitive Verbs: Prerequisite

- Recall[1] different types of مَفْعُولْ, of them **"Receiver of the action"** is exactly مَفْعُولْ بِهِ.
- In Arabic **Transitive Verb** is called مُتَعَدِّي while **Intransitive Verb** is called لَازِمْ. Alternatively a فِعْل having its مَفْعُولْ بِهِ is called Transitive Verb or مُتَعَدِّي .
- Passive voice is applicable only for Transitive Verbs. In other words, if the فِعْلٌ is **Transitive Verb** or مُتَعَدِّي only then a passive form is possible.

[1] Part 3, Slide No.60-63

Passive Voice

1. In Passive sentence, actual doer is omitted and the object becomes the subject. Unlike English Classical format where the actual doer is mentioned at the end using "BY" in Arabic the actual doer is always omitted.
2. **Example in English:** The apple is washed carefully. He was helped yesterday. We are given the facilities.
3. **New Term:** In the above examples underlined subjects (i.e. The apple, He,We) of the sentences are called نَائِبُ لْفَاعِلُ
4. In Arabic the فِعْل has its own changed form in passive. The change occurs in its **root letters** short vowels.

Root Letters: Introduction

- Each Arabic word has its 3-letter root, called root letters.For instance, يَنْصُرُونَ (They help) has the root letters of ن ص ر where
  - ✓ ن is the first root letter
  - ✓ ص is the second root letter
  - ✓ ر is the third root letter
- Often additional letters are added to its original 3-letters.
  Example يَسْتَغْفِرُونَ they ask for forgiveness.
  Here the root letters are namely غ ف ر
- Details will discussed in Sarf Part inshallah.

نَاعِبُ لْفَاعِلُ Inside/Outside Doer

- Recall Inside Doer is attached withing the pronoun of the verb or فِعْل whereas the Outside Doer is explicitly mentioned. In simple language, if the نَاعِبُ لْفَاعِلُ is not a pronoun then we call it an Outside Doer.
- Rules of Outside Doer is exactly same (as previous). They are :
  i. It must appear after the فِعْل
  ii. The فِعْل must be in the هِيَ or هُوَ form (depending on gender rule)
  iii. The Outside Doer must be مَرْفُوعٌ

نَاعِبُ لْفَاعِلُ Inside/Outside Doer Examples

Examples:

a) ضُرِبَ مَثَلٌ An example was struck. What was stuck? Ans: An Example (Outside Doer)

Here مَثَلٌ is Masculine so, the فِعْل takes its هُوَ version

b) أُنْزِلَتْ سُورَةٌ A surah was sent down. What was sent down? Ans: A surah (Outside Doer)

Here سُورَةٌ is Feminine so, the فِعْل takes its هِيَ version

c) أُعِدَّتْ لِلْمُتَّقِينَ It (جَنَّةٌ) was prepared for the righteous. What was prepared for the righteous? Ans: Garden (not mentioned here..)

Here from this text it is not possible to derive why it is Feminine, actually the فِعْل indicates جَنَّةٌ or garden which was promised for the righteous and it is Feminine. Hence the فِعْل its هِيَ version. See Sura 3:133 Note: Here there is no mention of Outside Doer!!

Multiple نَاعِبُ لْفَاعِلُ Options

- It is possible that a sentence has multiple objects (i.e. Receiver of Action) or simply مَفْعُلْ بِهِ. In that case for each object one passive form is possible.
- **Example:** In English: **My father gave me (object 1) a pen (object 2).**
  Option 1: **I was given a pen (by my father)**.
  Option 2: **A pen was given to me (by my father)**
- Similarly in Arabic one sentence may have multiple passive forms if it has multiple objects or مَفْعُلْ بِهِ
- In passive نَاعِبُ لْفَاعِلُ will follow the rules of Outside Doer as mentioned earlier (i. After verb, ii.He/She iii. مَرْفُوعٌ)

Multiple نَاعِبُ لْفَاعِلُ Options: Example

Active form	عَلَّمَ ٱللَّهُ ٱلنَّاسَ ٱلْقُرْآنَ Allah taught the people the Quraan

Multiple نَاءِبُ لْفَاعِلُ Options: Example

Active form	عَلَّمَ ٱللَّهُ ٱلنَّاسَ ٱلْقُرْ آنَ Allah taught the people the Quraan

Passive Option 1	عُلِّمَ ٱلنَّاسُ ٱلْقُرْ آنَ **The people** were taught the Quraan
Passive Option 2	عُلِّمَ ٱلْقُرْ آنُ ٱلنَّاسَ **The Quraan** was taught to the people

Rhetorical Benefits of Passive

i. No need to mention the doer, since it is so obvious.
ii. Passive is a mechanism to highlight the action and/or action-done-to (where it is immaterial who did it).
iii. Out of respect for Allah.
iv. In order to distance oneself by not telling something directly (i.e. show anger or disgust).
v. Omitting the doer makes it open to all. It expands the scope.

Passive in the Quran: Example 1

وَٱلَّذِينَ يُؤْمِنُونَ بِمَا أُنْجِلَ إِلَيْكَ وَ مَا أُنْجِلَ مِنْ قَبْلِكَ

and what **has been revealed** to you, and what **was revealed** before you 2:4 part

Rhetorical Benefits:

- The أُنْجِلَ is in Past Passive. The word has 3 roots ن ج ل Observe the sound on its 1st and 2nd Root Letters.
- Here ٱللَّهُ (ﷻ) highlights the present and past revelations (i.e. The Quran and other books like Taurat and Injile), the priority has been given on these books NOT on who revealed it to the Prophets.

Passive in the Quran: Example 2

قِيلَ ٱدۡخُلُوٓاْ أَبۡوَٰبَ جَهَنَّمَ خَٰلِدِينَ فِيهَا

it will be told "Enter the gates of Hell, to stay forever" 39:72 part

———————————————————————————————————————

وَ قَالَ لَهُمۡ خَزَنَتُهَا سَلَٰمٌ عَلَيۡكُمۡ طِبۡتُمۡ فَٱدۡخُلُوهَا خَٰلِدِينَ

The gatekeepers of Hell will say to them (muttakin) peace be upon you, you have done well, so enter it(jannah) forever.

39:73 part

Rhetorical Benefits:

- قِيلَ is past passive (because of weak letter its pattern is not very obvious)
- Here in Ayat No. 72, to address the residents of hell passive has been used but in the next Ayat (i.e. 73) direct addressing by the gatekeepers has been used for the people of Jannah.
  Hence, passive is used to distance them or show anger/rage/negligence.

Passive in the Quran: Example 3

وَ أَشْرَقَتِ ٱلْأَرْضُ بِ نُورِ رَبِّهَا وَ وُضِعَ ٱلْكِتَٰبُ وَ جِيءَ بِ ٱلنَّبِيِّينَ وَ ٱلشُّهَدَاءِ وَ قُضِيَ بَيْنَهُمْ بِ ٱلْهَقِّ وَ هُمْ لَا يُظْلَمُونَ

And the earth will shine with the glory of its Lord, **the books (of deeds) will be placed**, **the prophets and the witnesses will be brought**, **it will be judged between them in truth**, and **they will not be wronged**.

39:69 part

Note: Here all the verbs (except the last one) are in the past passive form but the translation treats them as future. In Arabic Language it is possible to shift the entire conversation in future once (which is the day of judgment) and then verbs are used as past to infer more certainty of those events. (For More discussion Study Balagha Part)

Passive in the Quran: Example 4

فَٱلْيَوْمَ لَا يُؤْخَذُ مِنكُمْ فِدْيَةٌ

On that day **no compensation will be taken** from you..

57:15 part

وَ جُمِعَ ٱلشَّمْسُ وَ ٱلْقَمَرُ

When the sun and the moon **will be joined together**. 75:9

Passive in the Quran: Example 5

يُرِيدُ ٱللَّهُ أَنْ يُخَفِّفَ عَنْكُمْ ۚ وَ خُلِقَ ٱلْإِنْسَٰنُ ضَعِيفًا ﴿٢٨﴾

Allah wants to lighten you (load on you), mankind **was created** weak.

4:28

Notes:

- Here ٱلْإِنْسَٰنُ is the outsider doer or نَاعِبُ لْفَاعِلُ which appears after the passive verb خُلِقَ
- (Not passive points) In the first part, ٱللَّهُ is the فَاعِلُ or **Outside Doer** (not passive in this case).
- In the first part, أَنْ is a **Light Particle** which makes the next verb يُخَفِّفَ Light.

Passive in the Quran: Example 6

وَ إِذَا ٱلشَّمْسُ كُوِّرَتْ ﴿١﴾ وَ إِذَا ٱلنُّجُومُ ٱنْكَدَرَتْ ﴿٢﴾ وَ إِذَا ٱلْجِبَالُ سُيِّرَتْ ﴿٣﴾ وَ إِذَا ٱلْعِشَارُ عُطِّلَتْ ﴿٤﴾
وَ إِذَا ٱلْوُحُوشُ حُشِرَتْ ﴿٥﴾

When the sun **will be wrapped up** (1). And the stars will fall, dispersing (2). And when the mountains **will be removed** (3). And when full-term she camels **will be neglected** (4). And when the wild beasts **will be gathered** (5).

81:1-5

Notes:

- Here the particle إِذَ shifts the entire context in Future, then past form has been used to add more certainty. Furthermore, نَائِبُ لْفَاعِلُ or Outside Doers are make مُقَدَّمْ i.e. advanced than expected to add exclusivity and empower the statements.
